PRODUCT

AUTOMATIC SOLAR FEEDER

DESCRIPTION

Automatic solar feeder suitable for sites without access to electricity supply. Load capacity of up to 60 Kg of feed. Built in extruded plastic providing **maximum robustness**, the **waterproof, easy loading** silo guarantees feed preservation even in difficult conditions (cage culture, exposed environments, high rain/humidity, high solar radiation, predators, etc.), while contributing to reduce energy expenditure. The delivery mechanism ensures **homogeneous** and **continuous** feed distribution.

TECHNICAL PROFILE

Feeder is delivered ready for use, making installation very simple. Pellet size accepted ranges from 1 to 12 mm. 6 V/12 V solar output; 24-hr electronic timer, connection to 12 V/24 V, 230 V. Spare parts readily available and easily assembled.
